

The label Swiss Wood guarantees the following core principles:

Sustainable forest management

- Ecologically, socially, and economically sustainable forest management in accordance with Swiss legislation for the protection of water, soil, and climate
- Protection and promotion of animal and plant biodiversity
- Guarantee of legal timber origin

Controlled supply and processing chain

- All products are Swiss Made (in accordance with Swissness legislation).
- Controlled, continuous supply chains and processing procedures
- Consistent declaration of origin and label for origin and transfer of goods
- Labour and social law standards are guaranteed by Swiss legislation and enforcement.
